

UCC Career Day

March 15, 2024 | 8:30 am - 11:30 am

Bruce-Guadalupe Middle School

Encourage our students to discover their passion with a 30-45 minute career session presented to 3 groups of students. Share the possibilities that are available to them in different fields of work!

Describe:

- What you do and why you love it
- The skills and education required in this field
- How a typical day at your job looks like
- Your personal journey and you came to be where you are now.

What to expect:

- Each presenter/group will go to three classrooms with about 30 students, ages 10-14.
- Volunteers will need to be available the entire time.

Bonus tips:

- Make it lively and memorable! Use props, demonstrations and/or include activities to make your presentation fun and interactive.
- Stories can be more engaging than facts or figures. Share from your personal experiences.
- Ask the students questions and encourage them to participate. This will help them relate to your career and spark their curiosity.

Share your story, Inspire the future.
